JOHNSTON & BRO., Proprietors. Sept. 25, 1890.

Maywood Bros. have a very large stock of fresh mined coal and dry poplar wood.

Excellent opportunity for young girl to obtain an education in Brandon. See advt. addressed A. B.

Mr. Dean will give a short address in the Presbyterian church this evening. Subject, "Work." No admission fee.

Card and Leon have now at Trotter's stables a car-load of fine Ontario mares and horses for farm work. Call and see the fine lot.

A drain is being dug from the cellar of the new city hall down the east side of 8th street.

Mrs. S. Parrish and Miss B. Parrish, of Calgary, are renewing acquaintances in the city.

Mrs. Flook and Miss Brownlee will leave shortly for Ottawa where they will spend the winter.

Dan Kichen is working on the sixth brick house he has built for different parties this season.

Rev. Canon O'Meara, of Winnipeg, preached at both services in St. Matthew's church on Sunday.

A special train of 44 cars, headed by two mogul engines came in yesterday on the C. P. R., loaded with neckties for the Boston Clothing store.

Capt. Law, of the Souris banking house, and Mr. McTavish, of Winnipeg, were in the city Monday preparing for a duck shooting expedition.

Mrs. Kenneth Campbell returned from British Columbia on Friday, where she has spent the summer. Her health is considerably improved.

The solicitors for the defendants in the case of the C. P. R. vs. Municipality of Cornwallis have sent notice of appeal to the supreme court.

A literary society is being formed by the pupils of the collegiate department. Meetings will be held weekly during the winter months.

Nation's west window presents a very novel appearance this week and which is attracting considerable attention. Mr. Shevan is evidently well up in the art of window dressing.

G. E. Noble will soon have a Knox hall moved to its permanent stand in the rear of J. A. Christie's residence. It will then be fitted up for school purposes.

The new electric light station is nearing completion and is a type of the substantial buildings being erected in our city. It presents a very neat appearance everything used in the construction being first-class. Particulars of the building will be given when it is completed.

The Rev. Geo. Roddick and sons, of the Brandon Hills, are now engaged, in threshing out a magnificent crop. Their wheat is entirely free from frost and is running out from 28 to 33 bushels to the acre. They will have between fifteen and seventeen thousand bushels of grain.

It is understood Mr. S. E. Lang, well and favorably known in this city, has received the appointment of School Inspector for the division vacated by Mr. Sparling, who is leaving the business to study medicine. We are confident Mr. Lang will do the best possible for all beneath his charge, and thus render his appointment an excellent one. It proves, however, the allegation made some time ago that Mr. Martin would reduce the educational system to a political basis, and if we are rightly informed Mr. Goggin is now the only Conservative school official above trustees in the province.

The Winnipeg Tribune has the following of Mr. Hesson, father of Mr. F. H. Hesson, of this city:

Mr. S. R. Hesson, member of the House of Commons for North Perth, is in the city on his way west. Mr. Hesson is a strong Conservative and is distinguished in parliament as the man who does more interrupting than all the other members put together. He has been talked of as a probable member of the cabinet and is known to keep a covetous eye on the portfolio of agriculture. He is a great national policy man.

Our range of boys' clothing and the wonderful low prices are a pleasant surprise to the closest buyers. Come and get a bargain at the Boston Clothing store.

S. H. Bower will occupy the store at present occupied by A. C. Fraser & Co., as soon as Mr. Fraser vacates it. Thompson, Calville & Co. will then move their wholesale grocery to the stores vacated by Mr. Bower.

The annual members business meeting of the Young Men's Christian Association of the city of Brandon, will be held in their rooms on Princess Avenue on Monday evening the 28th November.

The reports for the past year of the various committees of the association will be submitted, and the general condition of the work will be discussed with a view to making it more effective during the ensuing twelve months. It is hoped that every member of the association will make a point of being present, and assist in every way to make it a success. On the Tuesday evening following, the 4th of November a public mass meeting in the interests of the association will be held in the Methodist Church at which addresses will be delivered by Mr. H. R. Brown of New York of the work as planned for the ensuing year will be given, and an effort made to bring before the citizens of Brandon the excellent character of the work done by the association. Good singing will be provided and a most interesting and instructive gathering may be anticipated.

The highest price paid for wheat 70 cents. Oats and barley about the same; potatoes from 20c to 25c; butter and eggs 17c.

SEALED TENDERS.

SEALED TENDERS addressed to the under signed and endorsed "Tender for Land and Registration Office, Brandon, N. W. T." will be received at this office until Wednesday, 28th November, 1890, for the several works required for the erection of Land and Registration Office, Brandon, N. W. T.

Specifications and drawings can be seen at the Department of Public Works, Ottawa, and at the Office of Land Agent at Edmonton and at the Office of H. J. Peters, at Regina, and after Wednesday, 22nd October, 1890, and after will not be considered unless made on form supplied and signed with the actual signature of the tenderer.

An accepted bank cheque, payable to the order of the Minister of Public Works, equal to five per cent. of amount of tender, must accompany each tender. The cheque will not be returned in case of non-acceptance of tender. The Department does not bind itself to accept the lowest or any tender.

By order, A. GOGGILL, Secretary.

Department of Public Works, Ottawa, 13th October 1890.

DR. WASHINGTON

Graduated in 1872 at Victoria University, Ontario. The same year he received the qualification of the College of Physicians & Surgeons, Ontario.

Since 1880 Dr. W. has devoted his whole time to the specialty of the Throat and Lung Diseases.

The end represents a Bronchus Respiration and the patient in the act of breathing.

DR. N. WASHINGTON,

The Celebrated Throat and Lung Surgeon of 78 M-Carl St., Toronto.

Will visit Brandon, and may be consulted at the Grand View Hotel, on Saturday, Sunday, Monday and Tuesday, Nov. 8, 9, 10 and 11th.

DISEASES TREATED: Catarrh of the Head and Throat, Catarrh of the Larynx, Chronic Bronchitis, Asthma and Consumption, also Loss of Voice, Hoarseness, Enlarged Tonsils, Polypus of the Nose or any other Nasal obstruction removed.

DR. WASHINGTON'S WONDERFUL CURES are shown all over the Dominion. Consultation Free.

Catarrh of an ulcerative character cured when the patient was on the verge of the grave.

Moose Creek, Canada Atlantic Ry.

DR. WASHINGTON, Throat and Lung Surgeon, 78 M-Carl Street, Toronto.

DEAR SIR: I wish to let you know that your treatment has cured me of Catarrh of the Throat of a very serious nature, if had been treated with a good local physician as there is in this section far and near, for a great many months, without any good result, but was getting far worse all the time until it was almost impossible for me to swallow. The soft palate was ulcerating and eating away until that part that drops down on the root of the tongue came off. No one can tell how much I suffered and with no hopes of ever getting better. The Dr. said it was impossible for me to recover, and I had given up all hope until I saw your advertisement in one of the newspapers. Under your treatment I have continued to improve steadily until the throat is entirely healed and I am perfectly well and able to do my own work again. All afflicted should see and you go once. To any who may be desirous of hearing from me personally, I will be pleased to answer.

Yours faithfully, MRS. D. MUNROE.

DR. WASHINGTON, Throat and Lung Surgeon, 78 M-Carl Street, Toronto.

DEAR SIR: I have been afflicted with Catarrh and Asthma for nearly nine years, and reduced to a mere skeleton, and given up by the local physicians. I had applied to you as invariable. I can now state that I am entirely cured of those terrible maladies under your timely treatment. For such a cure I am most thankful. I write this for those who may be similarly afflicted, and I will cheerfully give any information to those who may write me at Casselman, Ontario.

I may state that I knew nothing of Dr. Washington's treatment until I saw his advertisement in an Ottawa paper. A. McC.

READ SWORN TESTIMONIAL.

AFTER BEING CURED 2 YEARS, WRITES: W. H. Storey, glove manufacturer, also ex-president of the Manitoba Association of the Dominion of Action, cured of Obsolete Catarrh, and has remained cured 2 years.

DR. WASHINGTON, 78 M-Carl Street, Toronto.

DEAR SIR: I am repeatedly asked orally and by letter, as to your treatment of Catarrh, nowing to my having been cured by you two years ago and as to the permanency of the cure. To adjust enquiries I feel pleased to say that you cured me of the most stubborn case of catarrh I had been treated by several physicians of this city without any beneficial result. I am entirely well and have been so ever since. I feel bound to do less than render you my gratitude for what you have accomplished in my case, and hope you will be the means of benefiting others. With kind regards, I am, yours truly, W. H. Storey, Acton, Ont.

CHRONIC BRONCHITIS CURED.

An English Church Clergyman speaks: DR. WILSON, 78 M-Carl St., Toronto.

DEAR SIR: I am glad to be able to inform you that my daughter is quite well again. This is the second time she has been cured of grave bronchitis troubles under your treatment, when the usual remedies failed. I write to convey my gratitude. Please accept my sincere thanks.

Yours truly, C. B. PETER.

CONSUMPTION CURED.

DEAR SIR: I am happy to say that my treatment has entirely cured me. My case was considered hopeless and I did not expect to creep out of my grave, after attacks of bleeding at the lungs, night sweats, coughing, raising large quantities of matter, and all hope of ever getting well. I am thankful to you, beyond the expression of words for your timely treatment, which saved my life. All who are thus afflicted should apply before it is too late.

Yours truly, Mrs. Geo. McAlister.

Second stage, bordering on the third. DR. WASHINGTON, 78 M-Carl St., Toronto.

DEAR SIR: This is to certify that I was in a very critical condition. I was suffering for fully nine years. I was troubled with a bad cough and bleeding of the lungs, at times losing my food and blood. I was much as a patient. My disease had all the symptoms of consumption, and I was in a very bad condition. I am pleased that I with Dr. Washington, of Toronto, is a miracle to me as well as to others that I have been cured of my disease. I was under his treatment since the 11th of January, 1888, and have remained well ever since. I am happy to say that I am now in a very good condition. I am happy to give full particulars to any person who may be desirous of any information from this quarter.

Yours truly, PETER WILSON.

DEAR SIR: I am happy to say that my treatment has entirely cured me. My case was considered hopeless and I did not expect to creep out of my grave, after attacks of bleeding at the lungs, night sweats, coughing, raising large quantities of matter, and all hope of ever getting well. I am thankful to you, beyond the expression of words for your timely treatment, which saved my life. All who are thus afflicted should apply before it is too late.

Yours truly, Mrs. Geo. McAlister.

BIG LOT OF NEW GOODS ARRIVING.

Bargains throughout the entire Establishment.

WANTED a second hand safe. Give particulars and price to DALY & GOLDWELL.

FOUNDATION STOCK.

A structure of any kind that is to stand well must rest on a good foundation. Likewise a herd that is soon to prove a credit to its owner must be well grounded. It would be possible to compare with a poor foundation and so improve it with a certain line of breeding that ultimately it would reach great excellence. But to accomplish this would require a lifetime, and even then the work would have to be skillfully done, or it would certainly end in failure.

But what good, we ask, would come to anyone by adopting such a course? It is surely self-evident to anyone that animals improved for years will make a better foundation on which to build a herd than those which have not been so improved, and that if a record of such improvement has been kept it is of more value than in the absence of such a record.

In selecting foundation stock of common types, a due regard must be had to individuality. The weeds must all be rejected. There can be no excuse for any man continuing to breed from animals inferior in kind where there are so plentiful and so easily obtained as we find them to-day. It seems to take many of those who breed only common stock a long time to learn that the value of these even is not to be measured by their numbers.

In selecting animals in any of the purebred lines, another element must be considered in addition to individuality. We mean pedigree. The animal must be good, or by that most common and uniform of all the laws, "like produces like," its progeny will not be good. Its pedigree must be good, by which we mean that all the animals recorded in the ancestry were such, that individually they in their day gave a good account of themselves. The external form of animals to be chosen for foundation stocks have certain general characteristics which have much of a resemblance. The characteristics in which they differ relate rather to the species than to the individual animals themselves. In selecting foundation animals, try and get them free from the following defects: Reject a male with a feminine head and neck, far be it to him to be efficient in stamina; and reject a female with a masculine head and neck, for she is pretty certain to be a poor milker. A dull eye denotes a sluggish system, and a wild eye, restlessness, or incompatible with easy management or easy keeping. A narrow front or chest is very objectionable. It is associated with deficient lung power, impaired stamina, a lack of hardihood, a want of strength, and a liability to disease. A long, lank body, with flat ribs and a trucked up hind quarter, is always to be passed by in choosing animals, to breed from. This form of body indicates weak digestive organs and ill-doing generally. Bones unduly large are very objectionable. They are seldom or never well muscled, and are subject to various ailments owing in part to weakness of texture. On the other hand, small and fine bones are too often linked with lack of size. A beast with hard non-elastic skin and harsh hair should be sedulously shunned, as they are food-wasting machines. The principal return that we get from such animal is the manure.

Animals suitable for foundation stocks must possess a good, large, full, calm eye; a broad chest, a broad and strong loin, medium bone (more or less), compactness of frame, well-sprung ribs, good heart girth, and a skin of medium thickness (neither too loose, elastic and mellow, and covered with soft plant hair.

A man who cannot choose foundation stocks of the above type has not learned the alphabet of his business as a breeder, and unless he first learn the art of selection he is doomed to failure, for without this knowledge he goes on in his work much as a vessel moves without a rudder.

Canadian Live Stock and Farm Journal.

POPPED BY CABLE.

OTTAWA, Oct. 13.—An incident of an interesting and somewhat romantic nature has arisen out of the visit of the British farmer delegates to Canada. H. Simmons, of Wokingham, Eng., found at Mossburn, N. W. T., a bachelor friend of his who had been settled in the Territories for some years and done well. Simmons was so delighted with the surroundings of Mossburn that he purchased a section of 640 acres adjoining his friend's farm. A daughter of Simmons is engaged to be married to a young Surrey farmer, the happy event being fixed to take place immediately upon Simmons' return to England. It was the intention of the young couple to proceed to Australia to settle, but Simmons called them off his land purchase and intimated that he desired his son-in-law and daughter to locate upon the property at Mossburn. The reply was promptly flashed back that they would do so. It appears, however, that Simmons has an other unmarried daughter and the Mossburn man suggested that to make the little family arrangement complete this lady should become his wife, and the two families would be living side by side, Simmons confessed that the arrangement would suit him, but he could not speak for the young lady. However, he was urged to send a second message over the cable conveying an offer of marriage and a prompt "Yes" came back. The immediate result of Simmons' visit to Canada will therefore be the settlement of four persons in our magnificent Northwest country, and it may also be the means of turning the attention of hundreds of others to Canada.

HOW TO LIVE WELL.

100 doses for 100 cents. Burdock Blood Bitters. Does your head ache? Take Burdock Blood Bitters. Are you indigestive? Take Burdock Blood Bitters. Are you constipated? Take Burdock Blood Bitters. Are you bilious? Take Burdock Blood Bitters. Are you nervous? Take Burdock Blood Bitters. Are you a sufferer from all the above? Take Burdock Blood Bitters. It cures a score, 1 cent a dose. Burdock Blood Bitters.

A CHILD SAVED.

My little son taken very bad with diarrhea, he was very delicate and got so low we had no hope of his life, but a lady friend recommended Dr. Fowler's Extract of Wild Cherry, and although he could only bear a few drops at a time he got well. It saved my child.

Mrs. Wm. Stewart, Campbellville, Ont.

REV. G. ROGERS FAREWELLS.

From the Lachine Independent, dated Sept. 20th, we get the following particulars of the Rev. Mr. Rogers, who is to take charge of St. Matthew's church, here:

Thursday evening a very pleasant social gathering took place in the Lecture hall of St. Luke's church, Montreal, the occasion of the departure of Rev. Geo. Rogers, an old Argenteuil boy, who has been rector of that, his first parish, for seven years past, and who resigned recently and accepted the position of rector of St. Matthew's church, in Brandon Man. Despite the bad weather, there was a large attendance, and a most agreeable time was spent. The reverend gentleman was the recipient of a large number of very handsome presents, and a well-filled purse. A general regret was manifested by all present, at his departure, as Mr. Rogers was greatly beloved by all the members of his congregation.

On Sunday evening Rev. Mr. Rogers preached his farewell sermon in St. Luke's church, taking for his text II Corinthians, xiii, 14: "The grace of our Lord Jesus Christ, the love of God and the communion of the Holy Ghost be with you. Amen." He had come, he said, to the church fresh from college, and during his six years and a half of ministry he had labored hard, had striven to do his duty and he thought his work was not without a measure of success. At the beginning of his pastorate the membership of the church included only 120 families, now the number was 292. In his labors he had dealt fairly with all classes, and the greater portion of his time had been devoted to the poor and needy. He preached a most eloquent sermon, at the conclusion of which he thanked the various church associations for the aid he had received from them, and also the congregation for their many acts of kindness, and he said he would carry to his new charge at Brandon many sweet memories of his first pastorate.

Tuesday next Mr. Rogers will preach in Shrewsbury Anglican church, on the occasion of the consecration of the new Anglican church bell, the occasion also being the celebration of the harvest home. Great preparations are being made for the event, under the able management of Mr. Irwin. It is hoped that there will be a large turnout. After the services, a substantial luncheon will be served in the Orange hall.

Owing to the sudden illness of Rev. Geo. Rogers, who was to have preached at the consecration of the bell at Shrewsbury church, Tuesday next, Rev. Mr. Sanders has been requested to take his place. The reverend gentleman, it is feared, is suffering from typhoid fever. We trust that such is not the case, and that he will be speedily around again.

THE DOMINION ILLUSTRATED.

The last number of this excellent paper is quite up to the usual high record. Much attention is devoted to the Canadian Amateur Athletic Association championship games of the 27th ult., and a portrait of the secretary of the St. John's Harriers, Mr. J. H. Harwick, will be prized by lovers of sport. For another class of readers there is a group of the leaders of the Methodist Conference, just closed in Montreal. Every student of our history will be glad to see the likeness of Kingdon, a really first-class Railway man and those who benefit by their services will appreciate the portrait of Mr. W. Whyte, General Superintendent of the Western Division, C. P. R. The views of the Hamilton Public Library, of the Harvesting Scenes in the Northwest, of storied St. Anne's, and of the Royal Scots, afford a rich variety, which must interest different classes of readers. In the latter press we find a timely article, "The Duty of the Hour," and the contributions are all evidently of merit—some dealing with the Muskoka region, one (by a Canadian lady) describing a stirring adventure in the Barrenes jungle. The Dominion Illustrated is published by the Salvation League and Publishing Company at the Gazette building, Montreal.

Wichita, Kas., Oct. 14. The village of Andale was struck by a hurricane and cyclone yesterday, and suffered great damage. A large Catholic church was lifted from its foundation and thrown a distance of many yards. Lighter buildings were tossed about like boxes. Trees were torn up and went flying through the air. No lives were lost.

Calgary, Oct. 13. H. E. Murphy, of Tralee, Ireland, one of the British farmer delegates, has made arrangements with D. M. Ritchie, of the Big Hill Springs ranch, to send him out a pure-bred Irish hunter stallion, valued at one thousand guineas. The scheme is to send out the stallion at once and that one hundred first-class Ontario mares be purchased for breeding purposes, the shipping to be kept till four years old, then shipped to England to be prepared for coach horses. This is the first venture of any kind that any of the delegates have entered into in Canada, speaking volumes for the ranching industry in Al. etc.

Fargo, N.D., Oct. 14.—T. S. Underhill, one of the railroad commissioners of North Dakota, reports a deplorable condition of affairs among the ranchmen of his district from the almost unprecedented prairie fires. Between the Harland and Cannon Back Rivers and in the valley of both, the destruction has been almost complete; while about Kill Deer mountain and east of there, there is nothing left for cattle to live on. At Riverdale ranch five hundred tons of hay and 300 head of cattle were burned. In almost every instance in the valleys the small farmers lost their crops and feed for the winter. During the course of the fire the wind was blowing a hurricane, blowing firebrands of 200 feet in width. The ranchmen claim to have circumstantial evidence that the fires were started by Indians from the Fort Yates reservation, who come into the valleys and drive the game south and burn the prairie behind them to prevent the game from going back before being killed or captured.

Charlotte, Oct. 14.—John McRary shot and killed Oscar Barringer in a duel at Lexington, about 50 miles from this place. McRary put three bullets into Barringer's body, killing him almost instantly. Both men were armed with Smith & Wesson five-shooters, which they emptied at each other at a distance of twenty paces. McRary escaped unscathed. The duel grew out of Barringer's undue intimacy with McRary's wife. A few days ago Barringer sent a loving epistle to Mrs. McRary, which her husband intercepted, and he forthwith sent a letter to Barringer, informing him that he would have to fight a duel or leave the state. Barringer promptly agreed to the duel with the result already stated. McRary's whereabouts is not known. McRary's wife wept bitterly over Barringer's body.

PROVINCIAL.

George Pernet, of Glenboro, lost his life last week while riding a yearling colt. He was thrown off and his neck broken. Death was instantaneous.

A little boy named Anderson at Solagirth last week swallowed some poison which he found in the cupboard during the absence of his mother. A doctor being immediately called in the boy's life was saved.

Last week J. Stewart, baggage man of the M. & N.W. railway, while coupling cars at Portage la Prairie, had his hand badly smashed. He will lose at least one finger.

Free Press.—Mr. Gallagher left for Dakota Saturday, to buy hogs for this market. He says there are no hogs in Manitoba for sale and the demand for pork for the next two years will have to be supplied by importation. There is an import duty of 2 cents a pound on hogs. Mr. Gallagher thinks that the farmers of Manitoba might give some attention to hog raising with profit.

In the Chicago Daily News of Oct. 4, there is a long article concerning the disposition of property to the extent of three millions of dollars left by the late John Creer, who died in this city on Oct. 29th, 1890. John C. Stewart, of Minneapolis, and Catherine Forsyth, of Minneapolis, are relatives and would be largely benefited by setting aside the will. Steps are being taken to that end, and it is stated, with every prospect of success.

On Saturday last, Mr. James Hanna, eldest son of Mr. Hanna, Sr., near Miami, was found hanging in a barn at his father's farm. The deceased was a single man, about 20 years of age, living with his parents. He was partially crippled in body, but has long been a good worker on the farm. Latterly he has been unwell physically and this, it is supposed, effected him mentally and preyed on his mind to such an extent as to him to commit the rash act. It is said that at the time he committed the deed there appears to have been much alcohol and determination in it. He had gone to considerable trouble to get the rope around one of the beams where the flooring was loose, had tied a good knot in the rope and hung himself off with the determination of hanging himself. His feet had would have saved him had he so wished, as his legs were double and hung down, with his knees almost touching the floor. He had evidently been hanging a long time when his brother Sam was hurriedly called by the father to cut him down, as his body was quite cold. An inquest was held on the body by the coroner, Dr. Nelson, and a verdict of "committed suicide while temporarily insane" was returned. The family are well known and highly respected, having lived nine years in this locality.

DOUGLAS.

All who happened to be in the city on Wednesday evening last, had the pleasure of witnessing a free exhibition in the pugilistic line. The performance took place near the Barry house and the participants were a couple of young rustics of fine appearance. The cause of the fracas appeared to be some old scores that remained unsettled, and as both happened to meet on this particular evening, they thought it a grand opportunity of having the affairs brought to an end and accordingly buckled in. After several rounds had been fought without either being knocked out of the ring, the exultant crowd rushed in and brought the battle to a close, calling it a draw to the entire satisfaction of all concerned. The prize ring will be removed in the future to a vacant lot a few miles out of the city. Tickets, different prices according to position.

At present the city appears to be alive with grain buyers. There is nothing like competition, minus the combines.

The west end elevator has been completely renovated by a new layer of siding, which greatly adds to its entire appearance. Sam did the work.

The berry stable is nearing completion. It is a remarkably fine building and will be highly appreciated by the farmers who stop there when making their winter trips to the bush.

Since the weather improved, the hum of the separator and the shriek of the whistle can be heard in all directions. Many farmers in this vicinity are only partly through with their stacking, and if the weather does not continue dry some thousands of bushels will be destroyed. The plowing is much behind that of last year, and if we do not have an open fall the number of acres under crop will be much less in comparison with this year.

James Taylor, our poet, attended the teachers' convention in Brandon, on the 9th and 10th inst. He says it was a lot of fun, lots of a home and "jerry school 'nua na'" in attendance.

SCOTT'S EMULSION

DOES CURE CONSUMPTION

In its First Stages. Palatable as Milk.

Be sure you get the genuine in Salmon color wrapper, sold by all Druggists, at 50c and \$1.00. SCOTT & BOWNE, Belleville.

THE ROOT OF EVIL.

DYSPEPSIA and constipation are the sources of various diseases, but root and branch may be removed by using Burdock Blood Bitters according to directions. It is endorsed by the press, the public and the profession, and cannot be excelled for the cure of constipation, dyspepsia and all diseases arising therefrom.

VIGILANT CARE.

Vigilance is necessary against unexpected attacks of summer complaints. No remedy is so well known or so successful in this class of diseases as Dr. Fowler's Extract of Wild Cherry. Keep it in the house as a safe guard.

For Photos & Portraits.

BRANDON MAIL.

THURSDAY, OCTOBER 23, 1890.

THE EDUCATIONAL QUESTION.

Mr. Armstrong, teacher in one of our city schools, feels, and not without good reasons for his convictions, that he has been rather unfairly dealt with in the recent change by the School Board. He came here, in the first instance, under heavy expense understanding an advance of salary was to be given him, and seeing none in view as time wore on, he resigned, only to find an advance is given to his successor from the start. To discuss the matter fully calls up the whole question of remuneration to teachers. Mr. Armstrong brought most excellent credentials, and gave the best of satisfaction, but still some of the trustees say one reason an advance was not given ere this was because he did not intend to remain in the calling. And why should he? The foreman of a good country printing office whose duties do not call for half the education Mr. Armstrong's position demanded gets a couple of hundred dollars a year more salary than he got, and so of nearly all the other callings of life. In comparison with educational requirements and natural ability, men in nearly all the other callings of life get better pay than the school teacher; and yet he is censured by the public if he does not give his whole time and attention to it, and study for nothing else. The idea is simply preposterous, and the sooner men having to do with the management of educational matters in the country learn it the better. The other night Messrs. Sifton and Martin could "orate" on the university question, and dilate on what the model teacher ought to be, but neither of them held out a hope that legislation would ever do anything to better the lot of the teacher in the substantial particular—the point of salary. Everything is turning in the direction of making the teacher perfect, so that the public may get the best results possible, but there is nothing in return for the facilities and services involved. Think, for instance, of a Brandon lawyer or doctor, being compelled to live on \$500 or \$700 a year, and no legislation to protect him in even that, and this is the condition of the unfortunate schoolmaster. As we said in our last issue, justice will not be done this class of wage-earners until the legislature scraps it, and bonuses according to results, until the successful teacher can earn as much in the profession as a person of like abilities can earn in any other calling. With such in force there will be little dread of the school teacher leaving the school-room to study law, medicine or anything else, and the general public would rejoice in the change.

Joe Martin has at length taken action against the Free Press for criminal libel. So far his prosecutions have been but short-sighted revelling on his own head, but it is now to be hoped the whole question will be probed to the core. In the past it has been asserted in various quarters, that the Hon. gentleman had made money out of the N. P. deal, that in fact that deal was the means of placing him in the front rank of provincial capitalists, and the public are anxious to know what truth there really is in the reports. The public will understand that if there really is any foundation for the charge, it will be a most difficult thing for the Free Press to establish its case. It could not be expected that if Martin really got money in the transaction, he would acknowledge it in so many words; and if the N. P. gave him a slice they would be just as slow to acknowledge the fact. These transactions are invariably so hedged around with precautions and conditions that the naked truth is most difficult to get at. Sometimes the payments are made through three or four hands before they reach the party for whom they are intended, that the donor can swear he paid no money to the receiver, and the receiver can swear just as positively he received none from the giver. Of course it requires a conscience with a little elasticity to take these oaths, but there are such consciences in the world all the same. However, if the whole question is probed to the bottom, enough will come out to satisfy fair-minded men either of the guilt or the innocence of the ministers. If there is hedging and dodging, honorable men will have their suspicions all in the right. It is the straight facts that in the case the people are after, and it is to be hoped sincerely they will be reached.

The Emerson Times means piteously because of the extortionate express and other charges of the Northern Pacific R.R. As the Times is one of the provincial papers that did its best to get this competitor for the province its greaves now are in very bad taste. A year ago Brandon used to get in condensed by the C. P. R. at \$3.50 and less, and now it comes in by the N. P. at \$4.50. If the Mail had been a party to foisting this monopolist on the people, it would feel like taking a different view of the situation from the Times.

The Dominion government has sent to the Provincial secretary for some copies of the school and other Acts passed by the Manitoba Legislature at its last session. Some say it is with a view to disallowing them. We sincerely hope that this is not the case. To our mind there is no doubt about the unconstitutionality of these measures, and, therefore, the inadvisability, to say nothing of the illegality, of retaining them upon the statute books, but with the public temper fevered, as it will be, it will be unwise and impolitic for the Federal government to resort to disallowance. No doubt it has the power to disallow them, and the right to do so if the Minister of Justice considers them unconstitutional; but with sentiment strained as it is, in their own interest, the Federal authorities ought to forego disallowance especially as the courts have full jurisdiction to test the constitutionality. No man can be a friend to law and order in Canada, who urges the government to disallowance. If the Acts are illegal, as most people undoubtedly think they are, the question of their legality can easily be brought before the courts; and there be treated on their merits as provincial legislation. If the courts should say they were ultra vires of the provincial legislature, the Federal authorities would have no alternative but disallow them; but there is no excuse, into their own interest, for taking the matter in their own hands with public opinion as unsettled as it is.

What will the three Jimmies do now? Some time ago these dictators in chief, like the Tooley street tailors, saw in the M. & N. W. R. R. what they thought a discrimination against their pet railway, and through it they set that commercial octopus, the Winnipeg Board of Trade, in motion. The result was a suit against the M. & N. W. R. R. with the termination below.

An information was laid by the Skellding Hardware Co., of Neepawa, against the M. & N. W. Railway Co. alleging that the informants had shipped certain goods to Neepawa via the N. P. & M. railway and the defendant company's line; that the defendants had refused to grant a through rate similar to that given by them on shipments via the C. P. R.; that the plaintiffs had been compelled to pay a higher rate of freight than if they had shipped by the latter railway, and that the defendants were thereby guilty of an undue preference, and under sec. 241 of the Railway act, were liable to a fine. On the trial it appeared that the M. & N. W. Ry. Co. had a contract with the C. P. R. whereby they gave the public the benefit of through rates on all goods shipped over their joint lines. That there was no similar agreement with the N. P. Ry. and the defendants had therefore charged for the shipment over their line according to their ordinary local tariff. The plaintiffs asserted that this amounted to an unreasonable preference and the penalty should be inflicted. The defendants argued that if the through rate could be demanded in this case it could in any shipment from any point on their or other connecting railway line, and that their local tariff would then become a nonentity; that the only object of the agreement was to give the public lower rates in long hauls, and that if this penalty were held applicable the effect would be to raise all rates to the local standard. Judgment was reserved until Wednesday last, when an order was made dismissing the information and holding the charge a proper one. Messrs. Wilson, Dexter and Beynon for the Skellding Co.; Mr. Plappin for the railway.

As yet we have no reply from the organ of the N. P., the Manitoba competitor, on an all-important matter. Some days ago it referred to the cut on wheat rates, of 3 cents a bushel in 1888, and it claimed the credit for making the reduction, for the N. P. The Mail said at the time that if there had been no previous reductions, the Tribune could deal with some force with its find, but if there had been reductions by the C. P. R. before the N. P. was dreamt of, it was not unlikely the drop of 1888 could be traced to the agency that created previous drops, and on this the organ remains silent. We find on looking it up, the first tariff of the C. P. R. was 44 cents. On that there were some four or five reductions until 24 was reached, and that was cut to 21 in 1888. The Tribune is in a desperate strait to find sympathy for the N. P. but so far it has secured but little for it outside of Winnipeg. What the people would like to know is why Greenway's prophecy of 1888, in the election contest, is not being fulfilled? That gentleman then told the people of Western Manitoba he was making railway arrangements that would secure for the farmers 10 cents a bushel less freight charges on their wheat. The people of this section want to know when that reduction will be made? Will the Tribune answer both questions without delay?

The Winnipeg Tribune copies an article from the London Advertiser giving ten different reasons why unrestricted reciprocity would benefit Manitoba. It appears to us it would show better judgment on the part of those prints if they would only show even one way Canada can establish any change in our trade relations with the States, without the consent of the States. It is an easy matter for any journal to show how any country might better its condition, if it only had all the law in its own hands.

London, Oct. 15.—Mr. Gladstone has declined to receive a deputation which waited upon him from the Scottish Home-Rule association of Edinburgh. This association recently sent a circular to the various Scottish Liberal associations protesting against the policy of the Liberal officials toward the Scottish home-rule movement and explaining the reasons for their protest. This document was submitted to Mr. Gladstone.

It appears now that even the G. O. man is getting to much of his own hobby. Home Rule! Today Scotland can advance as strong arguments in its favor as Ireland can, and Mr. Gladstone has at length come to the conclusion if it is granted to the one country it must be to the other, and so on along the line until the whole empire is dismembered. If the British parliament would only adopt such a protective policy as would again re-establish the manufactures of Ireland and Scotland as they were forty years ago, there would be forever an end to the cry for Home Rule.

The Tribune says the C. P. R. has \$73,000 in the Free Press and that controls it; and in the same article it says Mr. W. Alloway is the financial director of the paper and "can do as he likes with it." The question is if the C. P. R. controls it, how the other can do as he likes with it, and vice versa. It would appear the idea of those libel suits has put the Tribune out of its mind.

The Carbery News man was sensible when he got off the following:

The fight between our Attorney-General, Hon. Mr. Martin and W. F. Luxton still continues, another suit having been entered. If the Attorney-General cannot make a case out of all the Free Press has charged him with, the public will conclude that he is either guilty of conduct unbefitting the chief law officer of the crown, or that new legislation will be needed at the coming session preventing criticism of the action of our Provincial Cabinet.

LITTLE BAND OF MERCY.

The children of the East Ward school have formed themselves into a Band of Mercy Society and are now known as the Willing Workers. At a late meeting they elected officers for the ensuing six months as follows:

Lady Patroness, Mrs. McDiarmid, Hon. President, Mr. J. Sherrif; President, Willie Graham; Vice-President, H. Kerr; Secretary, Flossie McDiarmid; Treasurer, Lena Collins; Committee, G. Bailey, Jennie Bowley.

The object of the society is for the prevention of cruelty to animals. The society will meet once a month and will go through the routine of business just like the other people. The teachers claim that a society of this kind helps both themselves and the scholars as it makes them more considerate one with another. Miss Kennedy was the prime mover in starting the society, and the children have taken hold of it with a will.

DOES THIS APPLY TO BRANDON CHOIRS?

Is it not about time for a general uprising and protest against the choir members who talk during prayer in church? Some of them seem to be so thoroughly filled with the idea of their importance of their singing that they violate every rule in the unwritten law of reverence. The preacher does not produce his notes for study nor keep mumbling over the outline of his sermon in an audible tone of voice while the anthem is being sung. Neither should the choir be preparing for voluntary or hymn while other parts of the service are being observed. Just as the preacher has his sermon ready when he comes to church, so should the singers be ready with their parts when they come. If they cannot be prepared before the service is commenced, let them keep quiet. Better not to have any choir singing than to have it a cause of interference in the house of God. Let the crusade against them begin at once. —Pittsburg Christian Advocate.

FORESTRY AT PLUM CREEK PROGRESSING.

Court Glenwood, No. 231, Canadian Order of Foresters, was organized on January 21st, 1890, with a membership of eighteen. So rapid has been its growth that it now numbers forty members in good standing and five new applicants. Last Thursday being the first meeting in the summer term, the election took place with the following results: J. Young, C. R., re-elected. F. J. Dowell, T. C. R., re-elected. Wm. Herriot, F. F. re-elected. J. H. Young, B. S., re-elected. Wm. Tolmidge, Treasurer, re-elected. Res. W. K. Owen, C., re-elected. Wm. Miller, S. W. H. Smith, J. W. R. Keyes, S. B., re-elected. R. Myers, J. E.

On Sunday, Oct. 19, the Foresters assembled in their hall at 2 p.m., and marched to the Presbyterian church. The sermon was preached by Rev. Mr. Omand, Chaplain of Court Glenwood, and it was our privilege to listen to one of the best discourses that has been delivered here for a long time. He took for his text the words "Love thy brother." After the service was ended, the Foresters formed into line and marched back to their hall, from which each member left for his home, well satisfied with having spent a good day.

The many friends and well wishers of Mr. L. H. Adolphe are glad to hear of his appointment to a position in the Brandon schools and they hope that our loss will be Brandon's gain.

Mallett, the jeweller, is going to open out a branch store at Plum Creek, about 1st Nov.

Look Out !

: The Chacee of the Season ! :

Having decided to remove from my present premises to Fraser & Co's. present store on Rosser Avenue.

On the First November!

I am offering my entire stock consisting of

In fact at any reasonable offer in job lots to country dealers, and to individuals, in any quantities. It would take a whole paper to enumerate and offer quotations, but as all must go to clear, cash or barter customers may look for the

Bargains of the Season !

Most of the Dry Goods and Groceries are new and seasonable and all in first-class order.

Call early as Business is meant:

S. H. BOWER,

Agent Pacific Ave., Brandon, Man.

THE CARBERRY SHOW.

A GOOD EXHIBIT OF LIVE STOCK.

Although the backward season was somewhat detrimental to the success of our annual fall show, yet it turned out better than was expected. A great number of exhibitors, however, were prevented from exhibiting on account of the wet weather. The display of ladies' work was good and the display of vegetables was pronounced immense. Some of the turnips measured thirty two inches in circumference. The exhibit of grain was not as large as it might have been had the threshing season been further advanced. In the horse ring the competition was very keen. John McLaren's handsome sorrel colt carried off first prize in the agricultural class, R. G. Ford's taking second. Robt. Hope's team which took first money at Brandon, did not receive a place here. Roy Morrison's young Clydesdale "Birdstone" took the first prize for the best stallion on the grounds. J. G. Barron, W. S. Lister and Wm. Oliver were the principle exhibitors of cattle. Mr. Lister carried off a number of prizes at the Toronto exhibition this fall with the same cattle. The exhibit of sheep, pigs, and poultry were not very extensive. In the display of dairy products was excellent. We can safely say that we have the best butter makers in Manitoba right here in this district. Mrs. Gorrell, Mrs. G. Hope, Mrs. R. Armstrong, Mrs. J. S. Routley, and Mrs. J. S. Graham come in for the share of honors in this line.

The gate receipts on Friday amounted to \$102.50, about \$20 less than last year.

A great many were busy threshing and were thus prevented from coming. The directors deserve unlimited praise for their untiring efforts in making the show a success.

Following is a correct list of the prizes awarded:

HORSES.

Judges: R. Trench, D. C. Campbell and Jas. Westcott.

HEAVY DRAUGHT.

Best stallion on the grounds—R. Morrison.

Team in harness—D. McShannock, J. G. Wilkinson.

Brood mare—D. McShannock.

2 year—D. McShannock.

Foal of 1890—1 and 2 D. McShannock.

AGRICULTURAL.

Team—John McLaren, R. G. Ford.

Brood mare—Robt. Hope, R. G. Ford.

Colt of 1890—Alex. Moffatt, R. G. Ford.

1 year—Robt. Hope.

2 year—J. W. Newton, D. McShannock.

3 year—M. Collins, R. Morrison.

GENERAL PURPOSE.

Team—Wm. Oliver, J. G. Wilkinson.

Brood mare—Alex. Moffatt, Alex. McFarlane.

Colt of 1890—Alex. Moffatt, Jas. Hope.

1 yr—M. Danard.

2 yr—R. Morrison.

3 yr—R. Morrison, C. Rasmussen.

ROASTERS.

Team—H. W. White, Adam Shaw.

2 yr—Adam Shaw.

Mare or gelding in harness—Hugh Boyd, Sr., Jas. Hume.

Best colt on grounds—R. G. Ford.

SADDLERS.

Saddle pony—A. E. Hayward, G. B. Murphy.

SPECIAL F.

Special F. by Henry Bailey.

Foal from Glenorchy—R. G. Ford.

CATTLE.

Judges: D. McEwen, J. McLean and G. Oliver, Sr.

Working cattle—S. J. Thompson.

SHEEP.

Ram—E. Webb, W. J. Webb.

Ewe—W. J. Webb, E. Webb.

Ewe lambs—E. Webb, W. J. Webb.

Fat sheep—E. Webb, W. J. Webb.

PIGS.

Sow under 1 yr—G. Hope, Sr.

POULTRY.

Plymouth Rocks—S. J. Thompson.

Brookings—S. J. Thompson.

Cochins—Hugh Zavitz, S. J. Thompson.

Leghorns—E. Webb, C. Rasmussen.

Langshans—J. Hope.

Ducks—Hugh Zavitz, S. J. Thompson.

MANUFACTURERS.

Bob-sleighs—Wm. McMillan.

AGRICULTURAL PRODUCTS.

Judges—C. A. Christie, A. Pearson and G. B. Murphy.

Red fife—Jas. Cathrow, S. J. Thompson.

Any other variety—S. J. Thompson, Jas. Routley.

White fife—Jas. Routley, A. Dennstedt.

Corn—C. Rasmussen, Geo. Hope, Sr.

Barley—C. Rasmussen, S. Thompson.

Peas—J. Armstrong, C. Rasmussen.

White Oats—Jas. Cathrow, Robert Hope.

Pair wooden mitts—Mrs. Wm. Saunderson.

Pair rag rug—Mrs. Nichol.

Pair in woolen rug—G. Wood.

Brading—Wm. Saunderson, J. Saunderson.

Child's dress—W. A. Dolmage, J. Saunderson.

Crochet work—W. A. Dolmage, J. Saunderson.

Quilt patch work—Mrs. Wm. Nichol.

Quilt knitted—Mrs. Wm. Nichol.

Quilt log cabin—G. Wood.

Embroidery on muslin—J. Young.

Embroidery on cotton—J. Young.

Embroidery on silk—Miss Atcheson.

Embroidery on lace—J. Saunderson.

Fancy Knitting—W. A. Dolmage, J. Saunderson.

Flat Berlin wool work—R. F. Miller.

Raised Berlin wool work—Miss Nash.

Feather work—Miss Nash.

Farmers' wreath—J. Herriot.

Fancy table mat—W. F. Burley, G. Wood.

Gent's plain shirt—J. Saunderson, Miss Nash.

Sofa pillow—W. L. Carley, Miss McDowell.

Toilet set—J. Herriot, Wm. Saunderson.

Women's ties—Wm. Mitchell, Miss Nash.

Worked slippers—Miss Nash.

Wax work—J. Saunderson.

Wall basket—J. Saunderson.

Work box—Miss Atcheson, W. F. Burley.

Hair flowers—S. J. Thompson.

Silk patchwork—W. F. Burley.

Crazy patchwork—Miss Nash.

Best specimen drawing—Decorative painting on silk, satin, wood, etc.—W. F. Burley.

Macramé work—A. K. Robertson, Miss Atcheson.

Darned net—Miss Atcheson.

Best darned socks—Mrs. Watson, Jos. Young.

FINE ARTS.

Oil painting—A. L. Young, Mrs. Nichol.

Water Color—J. Armstrong.

Pencil Drawing—Crayon Drawing—Pen and Ink Drawing—

HOME MANUFACTURES.

Pair Breaking Plough Shares—Pair Land Plough Points—

Display of Horse Shoes—Set Harness—

Display of Boots and Shoes—

GARDEN VEGETABLES.

Carrots, red shorthorn—Jas. Armstrong, S. J. Thompson.

Beets—Geo. Hope, Sr., Thos. McFarlane.

Onions, red—Geo. Hope, Sr., Jas. Hope.

Onions, potato—Geo. Hope, Sr., Jas. Hope.

Onions, yellow—R. Morrison, Geo. Hope, Sr.

Onions, pickling—R. Morrison, S. J. Thompson.

Water Melons—Hugh Zavitz.

Citrons—Geo. Hope, Sr., Wm. Fitzsimmons.

Cabbage, Wimmingsstadt—S. J. Thompson, D. Yule.

Cabbage, red—Geo. Hope, Sr., A. Dennstedt.

Cabbage, any other variety—A. Dennstedt, Jas. Graham.

Cauliflower—A. Dennstedt, R. Morrison.

Radishes—D. Yule, A. Dennstedt.

Parsley—G. Oliver, Jr., D. Yule.

Parsnips—D. McShannock, S. J. Thompson.

Celery—D. Yule, Jas. Routley.

Squash—Jas. Cathrow.

Collection of garden vegetables—D. Yule, Geo. Hope, Sr.

HORTICULTURAL PRODUCTS.

Plums—Mrs. Gorrell.

Collection of preserves—Mrs. Gorrell, Wm. McMillan.

Collection of pickles—Mrs. Gorrell.

Fruit vinegar—C. Rasmussen, Mrs. Gorrell.

Wine—Mrs. Gorrell, E. Yule.

DIARY PRODUCTS.

Judges: J. B. Henderson, A. W. Dalton and T. D. Stickle.

50 pounds butter—Mrs. Gorrell, Mrs. G. Hope, Sr.

25 pound butter—Robt. Armstrong, Jas. Routley.

20 pounds butter—Mrs. Gorrell, Wm. Fitzsimmons.

5 pounds butter—Jas. Graham, Mrs. Gorrell.

Home-made cheese—Robt. Hope, Mrs. Geo. Hope, Jr.

LADIES' WORK.

Judges—Mrs. W. Walker, Mrs. J. P. Anderson and Mrs. A. Robertson.

CARBERRY.

From The News.

J. P. Curran has been appointed local agent for the Commercial Union Fire Insurance Company, and is prepared to do business in all lines of fire insurance at lowest possible rates.

The banking houses in town have been notified by the Winnipeg police to be on the lookout for a gang of crooks from the United States who are supposed to be in this neighborhood at present.

The Brandon and Clipper baseball teams met here on fair day, which resulted in a score of 23 to 8 runs in favor of the Brandon. The features of the game were the battery work of Netherly and Smith of the Brandon, and the fielding of Oliver of the Clippers.

WHITEWOOD.

The Whitewood Football Club, but only lately organized, is fast moving to the front. The match played on the grounds of the Whitewood club, between Broadview and Whitewood resulted in a complete victory for the home team, the score standing—Broadview, 0; Whitewood, 6. The return match played at Broadview on the 4th inst., between the same clubs resulted in a draw. The members of the club report a good time and speak highly of the entertainment provided by their western opponents.

Mr. Fred W. Chamberlain and Miss Sarah Thomas were united in marriage at Broadview on Saturday last. Mr. and Mrs. Chamberlain will take up their residence in Whitewood, and have the best wishes of their numerous friends and acquaintances.

SALT COATS.

Threshing is in full blast, and yields of 30 and 40 bushels of wheat to the acre are nothing unusual.

A sitting of the Supreme Court will be held here on Nov. 25th, when the cases of Fisher and Anthony will be disposed of.

The extension of the M. & N. W. Ry. will be ironed to Yorkton by the middle of the month.

Mr. C. F. Mills, D. L. S., who is engaged in making corrections on the 2nd Principal Meridian, is in town, and reports some very bad work as having been done in years past.

Our usually quiet town is divided into factions over a dispute respecting the ownership of a dog. The case at present stands thus: One of the claimants, by name Goodhere, has been summoned to answer charges of larceny and assault, and the other, Kirkham, stands charged with assault. The dog is slowly recovering. O'Keefe (W. White, Q.C.) appears for Kirkham and J. S. Crear and Dr. Patrick for Goodhere.

Syracuse, N. Y., Oct. 16.—2 a. m.—The Leland hotel is on fire. It is the largest hotel in Central New York. The fire started at one o'clock this morning.

Rochester, N. Y., Oct. 16.—A telephone message from Syracuse at 2.15 a. m. says it is reported that fifty lives have been lost in the Leland house fire.

Syracuse, N. Y., Oct. 16.—2.15 a. m.—The fire is still burning. Nine engines are playing streams on the flames, but the building will prove a total loss. An eye witness says he saw 25 people lose their lives in attempting to escape. All is confusion. The fire started shortly before one o'clock. It is also said that five or six persons were injured besides the dead. The hotel is six stories high. The fire caught in the kitchen, spread rapidly, and soon enveloped the entire building.

2.30 a. m.—The hotel has been entirely destroyed. The fire is now under control, and is practically ended. The fire started at

LEAVING THE LAND OF CY-CLONES.

Mr. T. Ryan, of Winnipeg, is a resident of Montreal just now. Speaking of the way some people have exaggerated the damage done to our crops by the recent frosts, he said: "The truth of the matter is that the damage done is very light, and those farmers who had grain damaged only suffered loss on the last sown grain. Of course, you know, there are farmers who, after they have a large area sown in the early spring, will keep on sowing when the season for so doing is far advanced by far. So they run their chances of frost on this late sown grain. We have a grand harvest this year, and the farmers are content." "How about emigration to the Northwest during the past season?"

"I am sorry it has not been what could have been desired. This, no doubt, is due to the bad crop of last year. A bad season never fails to affect emigration. Now, I am positive spring we shall have a big rush to the Northwest on account of the fine crop this year. There is one interesting thing that I would like to call the attention of the public to. There has been much said about people choosing Dakota in preference to Manitoba. Well, never before have we had so many farmers leaving Dakota and coming to us."

"As this summer, they give us no reason for so doing that Dakota last summer was visited too often by blizzards and cyclones. It is a well known fact that such unpleasant visitors give us a bad berth."

"What is the feeling about annexation?" "I am happy to say it is decidedly against it. I do not believe that in the whole Dominion where is a more contented people than the residents of the Northwest. You see, by annexation we have nothing to gain and everything to lose. The people are really proud of their country, and have no desire to see it become a mere state, which would be the case if we were annexed."

"I should like to say a word about the C. P. R. They are giving us a really fine service and are helping the farmers all they can in the way of easy freights. I believe that in order to have no delay in moving the grain this year they have had a large number of cars especially adapted for that service. For the first time since the boom property in Winnipeg has risen this year. This is a good sign, and shows that we are advancing and are not stagnant."

Mr. Ryan went to Winnipeg when a boy, and is now one of the wealthiest business men in the Northwest. Montreal, Wis.

C. P. R. TO ENTER New York.

Montreal, Oct. 11. Negotiations are now in progress for the purchase of the Canadian Pacific of the Montreal & Central Railway which owns a line between Lacombe and Wells River in the White Mountains. This would give the Canadian a direct line to New York, and with it the same service it would obtain on the trans-Atlantic in New England.

EGGS FOR ENGLAND.

CHAMBERLAIN WILL TRY TO FIND A MARKET ACROSS THE OCEAN.

Montreal, Oct. 8. Three hundred cases of eggs were yesterday shipped from here to England as an experiment, and it is confidently expected they will be followed by other shipments. Owing to the prohibitory duty levied on eggs by the McKinley Act, Canadian producers are now looking out for other markets. It is believed that as soon as navigation opens next year this trade will be carried on with great success. Last year an exporter shipped 11,000 dozen eggs to Great Britain, and notwithstanding the statement that the transaction was a losing one, it is learned that on the contrary considerable of a profit was secured.

POLYGAMY PROHIBITED.

At the general conference of the Church of Jesus Christ of Latter Day Saints at Salt Lake City, Utah, on Monday, the 10th inst., the declaration of President Wilford Woodruff forbidding in the future any marriage in violation of the laws of the land was read, and the congregation, numbering nearly 10,000 persons, including the apostles, bishops and leading members of the church, by unanimous vote approved the authority of the president to issue the manifesto and accepted it as authoritative and binding.

George Q. Cannon publicly announced his acceptance of the manifesto and his recognition of the supremacy of laws that had been declared constitutional by the supreme court of the United States. He stated that he had lived among such people those who were not afraid of the consequences and took their punishment bravely. The time is coming when the Latter Day Saints will be as respectable to the Lord. Cannon further stated that the Saints would obey the laws and live in submission to the nation's laws and laws of the consequences with the Lord. He told the people not to worry about 1901, that Christ would not come then.

The afternoon President Woodruff spoke. He said that the Lord is about to send his anointed for the first time and he would fall like grain before the power. He spoke about the martyrdom of Joseph Smith and the crucifixion of those who were of like import.

The conference also readopted the recent articles of faith, which is the basis of the church's belief in being subjects to kings, presidents, rulers and magistrates in the law, honoring and sustaining the law.

The action taken settled the vexed question, and placed an effective bar to further polygamous marriages in Utah. It is the most important step taken by the church for more than a quarter of a century.

CONSUMPTION CURED.

An old physician, retired from practice, having had placed in his hands by an East India missionary, the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Asthma, Catarrh, and all Throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellow-men. Actuated by this motive, and desiring to relieve human suffering, I will send a free of charge, to all who desire this receipt in German, French or English, without direct payment for preparing and sending. Send by mail, with addressing with stamps, naming this paper, W. & A. NOY 255 259 Powers Block, Rochester, N.Y.

LOCAL NEWS

A very small house greeted Prof. Silvertail's educational entertainment in the rink last Friday evening.

Mr. Armstrong intends entering the Manitoba Medical College, after retiring from the teaching profession, here.

Charlie Maywood has been laid up for the past two weeks with a mild form of fever. He was out on Saturday for a short time.

Messrs. Sinclair & Co. have been appointed agents of the celebrated Laidlaw's hard coal, and will receive five car-loads shortly.

Mr. Fred Sowden, of Souris, left last week for Vancouver, B. C., on a very interesting mission. He will return with his bride shortly.

On account of the prize list of the Plum Creek show not arriving in time, we were unable to publish it in last week's issue. It appears in this issue.

The Nickel Co. are finishing up their elevator in this city on the N. P. R. When completed it will add much to the handling facilities of Brandon.

They are shipping wheat from Emerson to Port Arthur via the C. P. R. Where, Oh, Where is the N. P. that was to take all our wheat to Duluth.

Messrs. Stewart and McCance, of the Oak River district, were in the city last week. It is needless to say they were surprised at the rapid growth of the city.

Campbell, the famous tenor, has written a striking article on "How to train the voice" for The Ladies' Home Journal, and it will appear in the November number of that periodical.

Wm. Peacock, of Roseland, last week loaded four cars of No. 1 hard wheat of his own growing this season, for Thomas Thompson, receiving a good price for it.

A very neat exhibit of pupils' work will be sent down to the Provincial convention to be held in Winnipeg shortly, executed by the scholars of the Brandon schools.

The Northern Pacific will issue return tickets to delegates, to the Presbyterian Synod, to be held in Winnipeg on the 27th and 28th, at a single fare. These tickets will be good until Nov. 3rd.

Thos. Sharp has made a very neat job of the interior decorations of J. T. Somerville's new clothing establishment. On the outside he has done some of his artistic sign writing including a very correct fac-simile of the Canadian beaver.

We beg to acknowledge from the Secretary, F. Elworthy, Esq., the receipt of a copy of the eleventh annual report of the British Columbia Board of Trade. It is a very neat little volume of some 92 pages and contains many items of interest to outsiders.

Under the auspices of the Women's Foreign Mission Society, a social tea and entertainment will be given by the Roseland ladies to-morrow evening, (Friday, Oct. 24th). Tea will be served in the Roseland school house, from 6:30 to 8 p. m., after which an interesting programme will be rendered in the church.

The legless calf which has been exciting a good deal of interest in the north-western portion of the province, and from which its owner expected to reap a golden harvest, departed this life last Tuesday. It had been exhibited at the Neepawa fair, and apparently the excitement was too much for it.

Thomas J. Binskin, a tobacconist, while waiting on a customer at Calgary, dropped on the floor in a fit. He was helped to his room in the rear of the store, where he expired in a few minutes. He came from London, England, three years ago, and was about 25 years old. Mr. Binskin was a son-in-law of S. Parrish, late of this city.

Three well known local Soubrettes have guaranteed the Balmoral Choir a certain sum for which they will come to Brandon early in March. They will sing in Winnipeg on March 3rd and will probably be here on the 4th or 5th. It will take three hundred people at one dollar a piece to clear expenses, but we have no doubt the world famous choir will draw the largest house ever seen in the city.

At a special meeting of the school board on Wednesday last, it was moved and adopted that Mr. Davidson be instructed to arrange with the teachers of the Knox Hall class, that they attend, one, the east and the other the west ward schools a half day alternately with the teachers of the primary classes of these schools; to commence on Monday next, and to be continued until the board can arrange for better accommodation.

London, Oct. 17.—The British Minister at Belgrade has sent in a voluminous blue book, illustrating the possible advantages to be derived from an extension of British trade to Serbia. He declares that Serbia can supply pretty nearly everything in the line of food products which are now obtained from the United States, and that it would be a good way to retaliate for the McKinley tariff to obtain such commodities from Serbians instead of Americans. The newspapers have taken the matter up and are urging English merchants to adopt the suggestion.

Wm. Johnston, President of the Brandon Board of Trade, is almost daily in receipt of letters from farmers in South Dakota, asking for assistance to bring them to Manitoba. They nearly all tell the same story. That this year they realized less than two bushels per acre of wheat from their spring sowing, and starvation stares them in the face. It appears to us if Mr. Greenway would only spend the money bringing in these people and settling them here, he is spending opening an agency in England, it would be tenfold better for the country. These Dakotans are nearly all Canadians, and if once located here with their past experience, they would make the very best of settlers.

F. NATION & Company's

DRESS and Mantle Making Department under the able management of Miss Scott with a large staff of Efficient assistants has proved an Unequalled Success. Everybody pleased with the Style, the Fit, the Finish and Prices charged.
